## hearts & soul in sports

**Congratulations!** "Walton Coach Retires after 27 years, while winning his 6th State Soccer Title" We'll Miss you!!!

How has FCA impacted you and your team?  
 \*FCA, with personal help and understanding from yourself and Scott, has helped me put in perspective what we desperately hope to achieve as coaches. The belief of what Jesus sacrificed on the cross, puts a game into a very simple perspective.

\* FCA means the world to me, both spiritually and in my professional life. FCA has given me the tools, the knowledge, and the support on a personal level to help me grow spiritually. It has allowed me to lead my team in a spiritual way. We are looking forward to Team Football Camp.

It has been an amazing year 2010-2011. Did I sound surprised? Let me say God is Amazing! Praise, honor and glory all goes to Him. We are also praising Him to provide the resources for the much needed salary, camp scholarship and resources. As we transition into the Camp season. Be in prayer for the hearts and minds to be changed in all whom attends. God is planning something Big!!! Game Changer! [Make a Play!](#) [Acts 2:36](#)

Please click [Coaches Testimonies](#) to read more of comments by a few of our local coaches. We will continue to bring more with a little more personal info. Too. Please continue to be in prayer for the coaches and their families.

Have a sport that you love and players you would like to influence? Chaplains are needed and training is provided. We would like a Chaplain for every team in Cobb County. [Call me for details!!](#)

Fellowship of Christian Athletes has been serving Coaches and Athletes for 57 years. We are an [international](#) ministry, but many still don't know how we use the common bond that we have in sports as a platform to share the greatest bond we can have in our Lord and Savior, Jesus Christ. Bring a friend to a dessert to learn more about FCA or host a dessert for a group of friends.
